Pure pleasure!

20 years of Cape Classic and still the same fascination of this wonderful music: timeless and eternal...

Which motive could be more appropriate for Cape Classic than that of seeking pure pleasure? There is no pleasure more beneficial and innocent than wandering round the magical gardens with its fertile orchards in Babylonstoren before our concert on 3 March starts! A highlight again, exactly the perfect one in order to celebrate Cape Classic's anniversary in 2024! I am very happy that an unbelievable dream of mine, many years ago, became true and the concert series of Cape Classic in Western Cape as well as in Bavaria became a brand in the last 20 years. Once again, I have the pleasure in welcoming you back to experience the treasures of fine chamber music!

It is a special pleasure for me to address a few words for this significant anniversary. My enthusiasm for classical music and the love of SA were the major motivation in founding, in 2004, an association both in Germany and in South Africa, in order to offer not only chamber music concerts, but also with the idea of donating the profit from the ticket sales to support township children. I am very grateful and proud, that our NGO was able to donate far more than € 100 000 to various social projects of the Western Cape in the past. At this point I would like to thank the Cape Classic Team and all supporters of Cape Classic!

Cape Classic means an ideal combination of meeting wonderful people, of cooperative and creative teamwork and of first-class chamber music in dreamlike settings. For me, Cape Classic is truly magical! The pursuit of pleasure runs through every single of our concerts. Lovers of classical music coming together across linguistic and cultural boundaries to enjoy the pleasure of music, of Cape Classic, the Magic of Music! Let us close our eyes and allow ourselves to be transported into the realm of the domain of classical and romantic chamber music.

Let us feel the fascination of this wonderful music, timeless and eternal!

Gabi Zahn

(Cape Classic founder and director, Germany)
